Description

Atrium Home Kindling Splitter for Firewood, Heavy Duty Manual Log Splitter Best in class for Fire Pit, Bonfire and Campfire Accessories - Easy and Safe Wood Splitter Tool - Great for Campsites 30

UPC: B0CZYRGZ7C Model: Wood splitter H12 Title: Atrium Home Kindling Splitter for Firewood, Heavy Duty Manual Log Splitter Best in class for Fire Pit, Bonfire and Campfire Accessories - Easy and Safe Wood Splitter Tool - Great for Campsites Condition: New \$30 Largest Inside Diameter Usability is everything. We created each one of our 3 sizes to have the largest inside diameter from anyone else on the market because that is what makes them so capable. Whether you are making kindling (L) or using it as a long splitter (XXL) we have you covered. Inside Diameter L = 7.9 in, XL = 10 in, XXL = 12.5 in Multiple Uses From fireplaces to fire pits the uses are endless. This mighty wood splitter comes in handy making the perfect kindling wood for campfires, woodstoves, BBQ s and bonfires. Portability allows you to bring it with you anywhere for all your fire starting needs. Maintenance Free Heavy duty high carbon steel construction allows this splitting wedge to be virtually indestructible. It has an anti-rust coating to keep it safe from the elements year-round. We are sure this will be one of your new favorite campfire accessories. Safe and Simple Less force needed to split firewood than an axe or splitting maul and it s much easier to use. Safety is our main

priority, keeping your fingers and hands far away from sharp splitting axes. 4 mounting holes allow for ample stability when splitting firewood.
