Description

Igloo Recool Tan 16 qt Cooler 10

UPC: 034223260309 Brand: Igloo Model: 26052 Title: Igloo Recool Tan 16 qt Cooler

Condition: New \$10 Introducing the world's first cooler made entirely from biodegradable materials: RECOOL. Created to provide an alternative to environmentally harmful foam coolers, RECOOL can biodegrade and return to the Earth after use, rather than polluting our environment or filling a landfill. RECOOL is durable and won't chip or scratch easily or make annoying squeaking noises like foam coolers. Designed with a 16 quart capacity which is big enough to fit plenty of drinks, ice and food for an all-day adventure for a family of four. Cup holders and an easy-grab handle are built into the lid and the cooler features molded handles on the sides, making it easy to grab and go.
