Scaffolding Equipment, Portable Folding Scaffolding, Multipurpose Work Platform Scaffold Tower Ladder Stool Work Bench, 882 Lbs Load, Galvanized Steel (Size : 5.91ft) 113

Brand: WGLAWL Model: WGLAWL Title: Scaffolding Equipment, Portable Folding Scaffolding, Multipurpose Work Platform Scaffold Tower Ladder Stool Work Bench, 882 Lbs Load, Galvanized Steel (Size : 5.91ft) Condition: Like New \$113  
**Durable Structure :** The Large work platform is made of sturdy galvanized steel, supported by two poles, with a rated load of 882 pounds, with 4 rubber foot covers, and is safe on concrete, wood, asphalt or bare ground. **Easy To Use :** Scaffolding can be used without assembly and opening, and the height can be adjusted in 4 levels. It makes your heavy work easier. This is a very sturdy and lightweight work platform, which is easy to carry around the house, up stairs, etc. **Anti- slip Pedals :** the scaffold steel pipes increase friction to ensure that they will not slide when stepping on them; the spacious stepping platform ensures convenient movement during use; it can ensure your safety even if it is used in rainy days. **Folding Design :** The Work Platform Scaffold is foldable, so when not in use, it can be placed in the trunk of the car or in a narrow place at home. **Easy to store and easy to carry.** **Multipurpose :** This portable bench can be used

for home decoration, DIY, washing vehicles, cleaning windows, holding high things, painting walls, general maintenance work, etc.

**Quantity: 1**
