Description

Ceiling Fans with Lights and Remote/App Control: 52 Inch Nickel Ceiling Fan with Light, Quiet Reversible DC Motor, Dimmable Tri-Color LED, Modern Ceiling Fan for Bedroom/Patio, Indoor/Outdoor 130

Model: 52-1213SN-5 Brand: Autoday Title: Ceiling Fans with Lights and Remote/App Control: 52 Inch Nickel Ceiling Fan with Light, Quiet Reversible DC Motor, Dimmable Tri-Color LED, Modern Ceiling Fan for Bedroom/Patio, Indoor/Outdoor Condition: Like New \$130
Brushed Nickel Ceiling Fan with Light 52 Inch: This silver ceiling fan with light is very simple and stylish. It comes with a remote control and replaceable LED light, you can easily adjust the brightness and change the 3 colors at any time, acrylic cover and flicker-free LED light source make the light softer, and with 5 black wooden fan blades, it is suitable for decorating various styles of rooms. Work well for bedrooms, kitchens, dining rooms, living rooms, covered patio, etc. Dimmable Lighting & Ceiling Fans: This 52 inch ceiling fan comes with a 24W dimmable LED night light. The LED ceiling fan not only adjusts the brightness (20%-100%), but also adjusts 3 colour temperatures (Warm 3000K / Natural 4500K / Cool 6500K), you can adjust the colour temperature and brightness that you need for your party, work or reading. Compared with ordinary light sources, LED lights are more eye-friendly, energy-saving and have a longer lifespan. (Note: Keep out of direct rain.) Quiet Energy Efficient DC

Motor: This modern ceiling fan uses a new upgraded DC motor, which runs more stably than AC motor ceiling fans, and can utilise electricity more efficiently. It does not produce electromagnetic radiation and is more environmentally friendly. The noise level is lower than 30 decibels due to the reduction of mechanical friction and brush friction, which makes the fan work more quietly. Overall, it provides you with a more stable, efficient, safe and quieter environment.

52" Bluetooth Ceiling Fan with App Control: Enjoy effortless control with this 52 inch ceiling fan with light! Its Bluetooth-enabled design lets you adjust fan speed and light brightness directly from your phone via app no more searching for lost remotes. While not a full smart device (no voice), it provides wireless convenience at your fingertips. Perfect for when you're cozy in bed or across the room. Features an efficient motor and dimmable LED light for modern comfort.

Auto Timer & Sleep Mode: These gray ceiling fans with auto timer (1/3/6Hr) ensures you never leave the fan running unnecessarily, saving energy while preventing nighttime chills. Smart sleep mode automatically adjusts fan speed - starting with cooling power to help you fall asleep, then gradually reducing to a gentle breeze for undisturbed rest. This intelligent system works like your personal comfort butler, delivering perfect airflow all night without any manual adjustments.

Multi-function Remote Control with Memory: Even the elderly and children can easily use this remote control, fans and LED lights can work simultaneously or separately, easy to turn on/off the light/fan. Continuously press the light on/off to adjust the colour temperature of the LED light; press "+" "-" to adjust the brightness; press "1/2/3/4/5/6" to control 6 speeds; press "1H/3H/6H" to time the ceiling fans. It can remember lights, speed and rotation states, everything is at your fingertips.

Reversible DC Ceiling Fan Light: In the hot summer, with forward rotation, it can bring you more than 6000 CFM of downward airflow, bringing you a nature-like cool breeze; in the cold winter, with reverse rotation mode, it will help you distribute the warm air generated by the heating equipment evenly throughout the room, giving you a safe and comfortable home. (Balancing the heat in the house in winter can avoid fire accidents.)

Dual-Tone Reversible Blades: This 5-blade ceiling fan with lights features reversible dual-color design brushed nickel on one side, light walnut color on the other. Seamlessly matches modern minimalism, mid-century retro, or transitional interiors, meet your personalized decorating needs. Suitable for living room, bedroom, kitchen, farmhouse, or other small spaces. Besides, this is also a outdoor ceiling fans for patios, gazebos, and other outdoor spaces. (Not to be exposed directly to rain)

Excellent After-sales Service: The overall design of the ceiling fan brushed nickel is compact, simple to wire and easy to install. Please refer to our manual and installation video. These ceiling fans come with a two-year maintenance plan, so feel free to let us know if there are any non-working, missing or damaged parts, or if you encounter any problems during installation or use. We offer 24/7 professional customer support. (Tip: Find our technical support in the manual.)
