Description

16 in. X 20 in. X 2 in. Allergen Pleated MERV 12 Air Filter (3-Pack) 27

UPC: 816387012266 Brand: Nordic Pure Model: 16x20x2M12-3 Title: 16 in. X 20 in. X 2 in. Allergen Pleated MERV 12 Air Filter (3-Pack) Condition: Like New \$27 Nordic Pure MERV 12 Pleated AC Furnace Air Filters provide exceptional filtration for both home and commercial environments. MERV 12 furnace filters are comparable to HVAC filters with the rating of MPR 1500-1900. Nordic Pure furnace air filters are manufactured using a heavy duty, moisture resistant beverage board frame. As with all Nordic Pure furnace air filters, the material is electrostatically charged to attract unwanted particles. The media used will not promote the growth of bacteria or mold on the air filter. For fresh, clean air in your home and office, it is important to regularly change your AC filter, especially during home improvements. We recommend changing your HVAC furnace filter every 1-3 months, depending on your unique home or office environment. People with pets or those who suffer from allergies should change their A/C air filters more often. Replacing your air filter regularly not only improves indoor air quality, it helps your HVAC unit perform more efficiently. Important Note: Almost all air condition filters have a different Actual Size than Nominal Size printed on the air conditioning filter. It is best to measure the exact size of your A/C filter and compare it to our Actual Size to be sure your HVAC replacement filter fits!. Nominal Size: 16 x 20 x 2, Actual Size: 15 1/2 x 19 1/2 x 1 3/4 (15.5 x 19.5 x 1.75). Nordic Pure recommends changing 2" air filters every 30-90 days. Hypoallergenic, antimicrobial, and

electrostatic filter media. Moisture resistant frame.. Ideal for high efficiency air filtration and will help those with moderate allergies and asthma.. Nordic Pure MERV 12 is equivalent to MPR 1500-1900. Made with MERV rated synthetic poly blend pleated media. Air Filter Size: 16x20. Filter Performance Rating (FPR): 8-9 - Best. Air Filter Depth (in.): 2. Pack Size: 3. Features: Pleated. Filter Material: Proprietary. Contaminants Captured: Dust/Lint. Air Filter Type: Electrostatic
