Description

VEVOR Ultrasonic Cleaner Ultrasonic Stainless Steel Cleaning Device 158 W, 2 L Ultrasonic Cleaning Device with Digital Display 0-30 Min, Cleaning Ultrasonic for Jewellery, Glasses, Watches etc. 43

Model: / Brand: VEVOR Title: VEVOR Ultrasonic Cleaner Ultrasonic Stainless Steel Cleaning Device 158 W, 2 L Ultrasonic Cleaning Device with Digital Display 0-30 Min, Cleaning Ultrasonic for Jewellery, Glasses, Watches etc. Condition: Like New \$43
Upgraded Quality: CE, FCC and RoHS certifications confirm the premium quality of this ultrasonic cleaner. Made of durable 304 stainless steel, it is not only corrosion resistant and rust-proof, but also leak-proof. It is an expert in cleaning, maintenance, oxidation and extraction. A replacement fuse is included as a precaution against overcurrent.
HIGH CLEANING PERFORMANCE Equipped with two industrial grade ultrasonic transducers, this ultrasonic parts cleaner has an ultrasonic cleaning power of 61W. With a frequency of 33 to 40 kHz, it effortlessly removes stains without damaging your items. It features a durable, extra thick 0.04 inch (1 mm) stainless steel container with a capacity of 0.5 gal (2 litres). Digital control panel: Time setting: 0-30 min. Adjustable heating temperature: 0-176 F (0-80 C). The digital timer and temperature display provide valuable control. It is also possible to use ultrasonic cleaning and heating at the same time. Note that lower frequencies allow for better cleaning but generate

more noise and are therefore best suited for flat surfaces. **THOUGHTFUL DESIGN** This sonic cleaner is designed for ease of use. Four non-slip rubber feet ensure a secure stand. Double fuse and multiple cooling holes prevent overheating and overcurrent. The cleaning basket keeps jewellery, glasses, circuit boards, razors, carburetors and watches securely in place. **MULTIPURPOSE** This jewelry cleaner is suitable for professional use in medical and dental clinics, science laboratories, golf clubs, etc. Both are suitable for cleaning personal or domestic items such as jewellery, glasses, optical lenses, watch chains and waterproof watches.
