### **Description**

Medline Aluminum Quad Cane with Small Base for Balance, Knee Injuries, Leg Surgery Recovery & Mobility, Portable, Lightweight Walking Aid for Seniors & Adults 24

Brand: Medline Title: Medline Aluminum Quad Cane with Small Base for Balance, Knee Injuries, Leg Surgery Recovery & Mobility, Portable, Lightweight Walking Aid for Seniors & Adults Condition: Like New \$24 COMFORTABLE and sturdy backrest offers extra support, while adjustable legs raise the stool seat from 16" to 20.5" high for added security in the bathroom, tub, bathtub or shower DURABLE stool chair is easy to assemble and disassemble. Sturdy and comfortable plastic seat supports up to a 350 lbs. Capacity. SECURE shower chair with 15" seat depth helps user remain in safe and comfortable position, while slip-resistant rubber feet keeps chair firmly in place to minimize risk of slipping off or falling in the shower or tub. RELIABLE safety and stability for seniors, elderly, disabled, and people in need of maintaining their balance in the bathroom, shower, tub or bathtub. This shower and bath seat helps patients maintain their independence with peace of mind and confidence. UNIQUE twist to change legs make seat height adjustment easier; red lines visually show position for accurate chair leveling.
