Description

Upgraded SUPERONE Retractable Car Charger, Ultra-Compact 6-Port Car Charger USB C, iPhone Car Chargers Fast Charging with USB C & Apple Cable, Car Accessories Adapter for iPhone 16/15/14/13/12 17

Model: PT-41 Title: Upgraded SUPERONE Retractable Car Charger, Ultra-Compact 6-Port Car Charger USB C, iPhone Car Chargers Fast Charging with USB C & Apple Cable, Car Accessories Adapter for iPhone 16/15/14/13/12 Condition: New \$17 6-Port 99W Ultra-Fast Car Charger Standard retractable car charger have too few output ports and struggle to charge multiple devices we've solved this problem. With a total output power of 99W, this 6-port car charger can recharge your Phone 16 from 0% to 80% in just 30 minutes, cutting charging time by 50%. It includes dual retractable cables (30W PD USB-C + 12W USB Apple) and four additional ports (15W USB-C 3 + 12W USB-A), allowing you to fast-charge up to 6 devices simultaneously no more carrying multiple chargers. The 31.5-inch retractable cable design prevents tangles and keeps your car neat, making it an ideal travel gift for men and women. 60% More Space-Saving, Ultra-Compact Design Previous-generation car charger adapter were bulky and created a poor user experience. We've redesigned it with the latest technology. This ultra-compact car charger usb c is 60% smaller, eliminating the risk of bulky chargers interfering with driving. It fits perfectly in tight cigarette lighter sockets, improving

convenience. A must-have for long trips, it's especially suitable for trucks, older cars, and other tight spaces. **Advanced Safety & Stability** This car phone charger features the latest AI chip and a multi-protection system (over-current, over-voltage, overheating, over-charge, and short-circuit prevention) to safeguard your devices. The plug adjusts 180° up and down for a perfect fit in any car. Its military-grade dual-lock design ensures stable power delivery even on bumpy roads. Certified by UL, CE, FCC, and RoHS for safety and durability, it's a reliable choice for family road trips. **Note:** Designed for 12V cigarette lighter sockets; not compatible with CarPlay, Apple Play, or AirPlay. **Universal Fast-Charging Compatibility** The iPhone car charger supports PD, QC3.0, AFC, MTK, and FCP fast-charging protocols, working with phones, tablets, smartwatches, Nintendo Switch, and more. The retractable USB-C and Apple cables provide flexible fast-charging options for iPhone 16/15/14/13/12 series, iPad, Samsung, Google Pixel, and Android devices, while the USB-C and USB-A ports work seamlessly with iPhone X~11, AirPods, and other common accessories. **Eco-Conscious & Innovative Design** SUPERONE is a brand committed to eco-friendliness and sustainability, dedicated to creating high-standard products that meet environmental and social needs. This iPhone 16 car charger uses eco-friendly materials and a durable design to minimize replacements.
