### **Description**

AOLISHENG Heavy Duty Drawer Slides 30 Inch with Lock Full Extension Ball Bearing Drawer Side Heavy Duty Drawer Side 420 lb Load Capacity 1 Pair 113

Model: 2576 Title: AOLISHENG Heavy Duty Drawer Slides 30 Inch with Lock Full Extension Ball Bearing Drawer Side Heavy Duty Drawer Side 420 lb Load Capacity 1 Pair Condition: Like New \$113 Lock the drawer slide rail: The drawer can be locked by the locking function, or unlocked by gently pulling the locking handle. (This locking rail cannot be separated) The drawer slide has a long service life: the fully extended drawer slide of AOLISHENG has passed the test of professional testing institutions. The opening and closing time of the slide rail exceeds 80,000+, which is durable Heavy duty drawer slide: when the track is fully pulled out, the drawer slide is made of high quality cold rolled steel, which can bear a weight of 420 lb, Can be applied to: Goods shelf, Cabinets, Industry used drawer, RV, Truck, Vending machine, etc Anti rust and ant corrosion: AOLISHENG drawer slides are treated with electroplated blue zinc plating. The electroplated layer can prevent direct contact between the air and the track steel plate, thereby resisting oxidation and corrosion Robust ball bearing guide rail design, easy to install. You can purchase M6 screws according to your slide rail installation scene.
