For added safety and convenience, the nail clippers also come with a safety lock mechanism. Just simply push the slide lock to the safe position when not in use, very easy to store and carry. WIDE JAW OPENING FOR THICK NAILS Large toe nail clippers can open the cutting mouth very wide up to 12mm/0.47in, easier to trim thick fingernails and toenails than regular nail clippers. The sharp, wide blade allows you to trim tough, thick nails with ease. 45 SLANTED NAIL CLIPPERS The curvature of the toenail clippers blade fits the nail perfectly, allowing for accurate trimming of ingrown nails, nail edge barbs and dead skin. Meanwhile the slanted nail clippers provide a better angle and view, making the trimming process more precise and avoiding uneven nails or injuries. COMFORTABLE GRIP & EFFORTLESS With 3.4 inch extended handle, this heavy duty

The wider wing of the handle not only provides a wider grip area, but also increases stability and comfort. The ergonomic design ensures the hand remains relaxed and fatigue is minimized during use. SHARP BLADES & STURDY Made of premium stainless steel, the fingernail clipper is very sturdy and rustproof. The curved blades are repeatedly ground and polished for sharper, smoother nail trimming. The nail clipper is packaged in a compact metal box, which not only provides good protection, but also looks exquisite. It is a perfect present for Christmas, birthdays, Mother's Day, Father's Day, Thanksgiving and other special days for your friends and family.
