Description

Blink Doorbell Mount, Anti-Theft Blink Video Doorbell Door Mount Bracket No Drilling, Not Block Doorbell Motion Sensor, Easy to Install, Fit for Blink Doorbell Camera (Black) 15

Brand: SENLEG Model: DM-01 Title: Blink Doorbell Mount, Anti-Theft Blink Video Doorbell Door Mount Bracket No Drilling, Not Block Doorbell Motion Sensor, Easy to Install, Fit for Blink Doorbell Camera (Black) Condition: Like New \$15 Anti-Theft Design - Anti-theft doorbell mount compatible with Blink doorbell only, SENLEG encases your video doorbell securely, It cannot be removed from the side of your door unless the door is open.(tip: Not Compatible with All-new Blink Doorbell) No Tools or Installation Required - Attaches securely in seconds and easily installs and uninstalls. Simply place the Blink video doorbell inside and slide it over your front door, then adjust the fixed clip according to your door thickness. Applicable Doors - It's most important thing to check your doors before ordering. The door must be inward swinging. Doors must be between 0.6" and 2.3" thickness. Door slit size needs to be greater than 0.06" to be used. Iron security door can not use. High Quality Material - Blink doorbell holder is made of high quality plastic housing and metal. It is tight and secure so your blink doorbell won't fall down the door. All the holes of Blink doorbell cover are well designed and won't block doorbell motion sensors and two-way audio. What You Will

Get? - 1 x Blink video doorbell mount, installation instructions and various installation accessories.

Quantity: 1
