Description

360 Swivel Shower Chair for Bathtub, Adjustable Space Saving Design for Tubs, Inside Shower, Tub Transfer Chair for Elderly, Seniors and Disabled, White 79

Model: JB031 Title: 360 Swivel Shower Chair for Bathtub, Adjustable Space Saving Design for Tubs, Inside Shower, Tub Transfer Chair for Elderly, Seniors and Disabled, White Condition: Like New \$79 100% Plastic Rotatable Bathtub Seat: 360 swivel shower chair, The rotatable bathtub seat consists of a frame made of powder-coated stainless steel and is equipped with a plastic seat. The drainage holes prevent the accumulation of water on the seat. The plastic parts prevent scratches on the bath tub. Secure & Comfortable: Wider Seat suitable for seniors and the pregnant. The integrated backrest reduces user fatigue. Instructions for Safe use, The length of our product is 29.7 inches. Make sure that the dimensions of the bathtub seat match those of the bathtub before use, Seat yourself slowly, do not drop yourself down on the seat. Swivel-seat Space-saving Design: The rotating seat is not only safer, easier to use and more comfortable than the standard fixed seat. This bathtub and shower chair designed for the elderly means that the part of the chair extending into the room is much less than that of the traditional transfer bench. It is more convenient for the users and for others who do not need to use the chair, because there is more free space in the bathroom. Sturdy & Load-bearing Armrests: The armrests on this bathtub

and shower chair designed for the elderly provide additional safety and convenience. Unlike standard chairs without armrests, the sturdy armrests on can be used as leverage points to help users get in and out of the chair. They also provide important additional physical and psychological support for preventing slips and falls and the fear of slips and falls. Turn the Seat Shell: To position the seat, pull the lever upwards and turn the seat in the desired direction. To lock the seat in this position, release the lever. Cleaning: The rotatable bathtub seat should be regularly cleaned with a mild detergent and a sponge. Maximum load: 100kg
