wikiwiki 7.5ft Solar Led Patio Umbrella, Sturdy Outdoor Market Umbrella for Deck, Pool, Garden w/Tilt, Crank, 32 LED Lights, Tan 189

Brand: wikiwiki Model: PU-ZZS-A11C-M01 Title: wikiwiki 7.5ft Solar Led Patio Umbrella, Sturdy Outdoor Market Umbrella for Deck, Pool, Garden w/Tilt, Crank, 32 LED Lights, Tan Condition: Like New \$189 UPGRADED THICKEN FABRIC: Wikiwiki patio table umbrella canopy is made of 200 G polyester fabric with a US Standard AATCC 16 Grade 5 colorfastness rating to withstand fading. The thick, high-quality material provides excellent performance and outstanding UV resistance. PATIO UMBRELLA WITH BRIGHTER SOLAR LIGHTS: Our outdoor umbrella features 32 LED Lights and upgraded brightness up to 65 lms. Wikiwiki's warm lighting glows up a comfy night mood to spend leisure time with your treasures. STURDY POOL UMBRELLA: To minimize canopy sway and enhance the stability of the deck umbrella, the entire frame is made of sturdy metal. The powder-coated pole and 6 strong ribs provide industry-leading support and wind resistance. We've also included a secondary lock mechanism; insert the safety pin to keep your solar umbrella solid all day. CRANK TILT SYSTEM: Open, close, and tilt this market umbrella easily! Wikiwiki's market umbrella is designed with a convenient crank system for easy operation. The push button tilt mechanism allows you to adjust the canopy's angle for sun protection all day long. Note: Cannot be plugged in for lighting, solar power only! TIPS & MAINTENANCE: To keep your LED

patio umbrella in good condition, we recommend closing it when windy and storing it out of the weather when not in use. This outdoor umbrella with solar lights must be secured with a weighted base (SOLD SEPARATELY, SEARCH B09NBR7W2R) or inserted onto a patio table.
