Description

Feit Electric 5-6 inch Integrated J-Box LED Recessed Downlight - 3000K Bright White - Dimmable - 75W Equivalent - 45 Year Life - 800 Lumen 14.25

Feit Electric LEDR56JBX/930 combines modern reliability and energy savings with Feit Electric LED dimmable recessed retrofit kit for J Box replacements to produce the right recessed downlight for residential or commercial applications. Designed for easy DIY installation, this light features an integrated J-Box and built-in trim for installation directly into finished ceilings without recessed cans. This dimmable LED recessed light has a wide range of uses; compatible with most LED dimmers, you can create your favorite space by utilizing the smooth dimming range of 10% - 100%. Giving you 90+ CRI this light can enhance your home's interior and bring colors to life; the colors will remain true and the light output will remain stable through the lifetime of the bulb. This 3000K color temperature produces a comfortable, warm, yellowish, and calm glow; the most popular choice for homes; widely used for living rooms, bedrooms, bathrooms, lobbies, and hallways. Feit Electric LED recessed light provides up to 83% energy saving by replacing 60W with 10W; replace your old incandescent bulbs for a brighter and more energy-friendly home. UL listed, and FCC compliant, Feit Electric upholds the highest standards for all our light bulbs, fixtures and string lights with optimal performance and safety; with 40+ years of experience in lighting, we are the leader in lighting innovations
