### Description

CalFlor FL49133 TileFix, Mix2Match Tile & Stone Repair Kit FL49133 Tile & Stone 24.99

Mix2Match Tile Fix™ Tile & Stone Repair Kit. Custom repairs for tile and stone flooring, backsplashes and countertops are now possible! You no longer need to settle for a similar bad color match from non-tin table fillers. Unlike other products, Tile Fix™ can be matched to virtually any ceramic tile, marble, concrete or stone surface, using 28 color formulas and step-by-step instructions. The kit even has tips for subtle tones & grain-matching to be matched on your repair! Each Tile Fix™ kit has enough product for multiple repairs and different projects around your home. The kit includes putty, 8 color tints, lacquer, graining cotton swab, brush, mixing spatula, bowl and board. Formulas ranging from browns, blues, and grays, to neutral creams and whites. Great for DIY and professionals.
